### **Lesson learned from the project :**

1. Awareness raising for women as well as men to provide ideas on how to prevent and deal with gender based violence. Bringing change in so called social norms through more and more campaign. Creating the mentality of finding out the causes in cases of child marriage and domestic violence. Introduce surrounding examples or case study that will help change perspective.
2. Planning is very important for program implementation

3. People generally do not know the terms of law on the issues, if we can properly disseminate the legal information on the issue many unexpected incidence can be avoided.
4. Continuing creative thinking
5. To act according to present intelligence and strategy according to the situation
6. Avoid biased attitudes
7. Applying sublime language.
8. Effective interpersonal communication with the local government, leaders, and community people, the project activity is run smoothly.
9. Have good relation with targeted beneficiaries, UP/Upazila bodies, Elite persons, Imam, Kazi to accomplish our targeted task properly
10. Social and family advancement is possible when women contribute to income-generating activities
11. During this pandemic situation, we have learned that we need to develop community-based proactive, self-motivated and leaders who can take responsibility in an emergency situation.
12. Social accountability tools related activities are easy when social support committees are able to internalize the objective of the tools.
13. People will get better service and GBV will reduce by strengthening local Salish system.
14. Women will be able to earn money that can empower them as a decision maker within the family and society through the skill development training.

### **Best Practices :**

- a. Team bonding
- b. Maintain good relations and coordination, dignitaries among project staff and team members.
- c. Stay Coordinated within the team.
- d. To complete the progress as per the target within the specified.
- e. To build the capacity of women group leaders.
- f. Established good and good relations between the service providers and the team members.
- g. Positive attitude of the service providers.
- h. Always be aware of your responsibilities and duties.
- i. Maintain professionalism.

### **Challenge and overcome:**

- Patriarchal attitude
- Religious misinterpretation,
- Women s education rate is low and women are not self reliant
- The tendency to get stuck in the circle of traditional meditation ideas
- The mentality of blaming women for domestic violence including child marriage .
- Prevention & protection of domestic violence while maintaining physical & Social distance.
- Misconducted and attitudes towards women who are victims of violence ,Ezahars incompatibility with the allegations and the use of women. The tendency to force a decision. Due to lack of separate room for taking complaints, The cases of women and children are increasing day by day and the longevity of the case is increasing.

- Women victims of violence are being deprived of services due to the closure of arbitration activities in the area ,including the activities of the Legal aid committee, women & child abuse prevention committee of the Union parished
- Insecurity of women in society & Family.
- Influence of political and influential people.
- Prejudicial attitudes towards women.
- Changes of Officers of Sirajgonj Sadar Upazila. New officer has less knowledge about the project CGBV.
- During pandemic situation we cannot provide support as per their expectations.
- High masculine mentality of community people
- Beneficiaries randomly called Hotline numbers 109, 333, 999 for stopped child marriage. But the hotline numbers don't respond to their call. That's why we failed to achieve the goals of the project design. We worked in the field in pandemic situations. But we did not get any kind of precaution from the project.
- It is so difficult to collect the information and implement activities in the field due to COVID-19 situation and lockdown.
- Continue to communicate and coordinate with beneficiaries at the community level by coping with the 3rd wave of Covid-19.
- The scope of service delivery is limited compared to the number of beneficiaries.

### Overcome:

- To mitigate the challenges, the team dedicated to achieving the target and time to time communicate and motivate the up bodies, members, and others. The team also works on proper planning and extra hard work.
- Project staff uses personal safety measures.
- We discussed in details at group meeting
- More and more Communicate with the project beneficiaries and other stakeholders to collect information, relation build up.
- Collect information for field by using different type of technology..
- Being a hotline number for the whole country leads to numerous complaints. It is not possible to take action for so many complaints at once.
- The activity has been implemented in compliance with the safety net.
- Due to the restrictions of Covid-19, limited contact was made with the body at the field level, but through continuous communication with the group leaders through mobile phones, information was collected and necessary advice was given.

At the public hearing up members including the chairman presented the service provided by the union parished to prevent violence against women.In addition in the context of FGD in the working area, the members of the party pointed out the limitations observed by the up council in providing services to women. They strongly demand to ensure the participation of womens in the open budget. Their opinions are valued. Separate allocations for women in the budget so that women victims of violence receive financial assistance. In addition to ensure the participation and views of women in arbitration and various committees. Above all, up should play a stronger role in preventing child marriage. In this context, the up members including the chairman assured that there would be separate allocation for women in the next budget. He also hoped that would be play a stronger role in ensuring the participation of women in arbitration and various committees and preventing child marriage.

Meghla said : What is your step in stopping child marriage by calling 999 and getting married in another village.

Ans : If we get married in another village, we have no hand.

Papiya said : There will be a new standing committee of union parished where we want to be a member.

Ans : You can be included in the formation of the committee.

Noyoni said : What kind of services does the union legal aid committee provide.

Ans; Victims of torture can file lawsuits and complaints free of cost through this committee.

Shoriful said : There used to be a lot of torture but now it has come down a lot from the party and trying but I am drawing the attention of the chairman that the village of khidir needs to be freed from torture at once.

Ans : I will take action in this regards.

Challenge : 100% attendance of members including conducting public hearings in compliance with hygiene rules in covid -19 situation is big challenge.

Learning : Working through a change of strategy in the context of the real situation.

Feelings : As a women it is nice to talk openly and get to know a lot of legal information. After speaking directly in this way, it seems that in the future such programs will be easier to know about the services of the union council . as there was no further discussion, the chairman said : If any problem comes to an end I will solve it immediately.

Result : To formulate action strategies to overcome the limitations in the provision of services for the prevention of violence against women and children.

After the presentation, Shaalom, Rukshana, Shilpi, Taposhi, Anija and others participated in the open discussion session.

### Exit plan:

5 years over the period the project build capacity of men groups, women groups, adolescent groups, youth groups in the project area. Each of the group have management committee. These management committees take the role to protect /management VAWG and GBV issues in their working area. Gradually the project hand over responsibilities to these committees. The project also develop Social Support Groups (SSG) at Upazila and Union level and enhance their capacity to monitor service delivery of various departments like Thana (police), hospital, court, Department of Women Affairs & Union Parishad and to enhance their accountability. The SSGs also closely working with NNPCs (Nari Nirjaton Potirodh Committees). Gradually the responsibilities shifted on these committees and departments.

The project develop a formal exit strategy selecting key stakeholders from the project area, Identifying their potential roles and lay out a plan detailing out after the time-frame of the project. The strategy also include handover process. Exit workshops be organized at Upazila

level hand over the related documents as well as roles and responsibilities of the project. Lastly, there are other projects of NDP-Gender & Rights project staff ( Md Fazal Karim –Senior Project officer) will operating the CGBV project with strong commitment, which could remain with the community to serve and link the project beneficiaries with main stream of development at the project.

These are following

1. Organising Monthly/Bi monthly meeting.
2. To work towards raising awareness in the area.
3. Working to prevent child marriage
4. Organizing counselling and arbitration to prevent domestic violence.
5. Take legal aid to get legal services.
6. Communication and linkage in getting services of union & upazila
7. Contacting the members of the upazila social support committee regularly.

**Conclusion:** NDP has worked to reduce gender based violence with multi-dimensional activities. Due to COVID 19 outbreak and lockdown during the reporting period, NDP faced many difficulties to accomplish the activities. It is notable that due to lockdown many wage earners lose their jobs and their family fall into poverty which deprived the families into violence especially GBV. In that case Social Support Committee members and group members especially Men, women and youth leaders have been playing active role to reduce gender based violence especially domestic violence and stop child marriage. Activating different committee related to prevent violence against women at UP and Upazila level can revitalize government officials and related stakeholders to increase their pro activeness and attitude towards reduce gender based violence.
