Name of the CEO: Md. Alauddin Khan, Executive Director

BACKGROUND: The devastating flood at the end of 1988 engulfed large landscape of the country causing huge damage of lives and properties, which also badly affected to the lives of the peoples in Sirajganj district that situated on the bank of the most treacherous river Jamuna. The national and international NGOs came forward to provide succor to the victims of this deluge. A group of local youth including Md. Alauddin Khan, the chief executive of NDP now has voluntarily dedicated themselves in emergency response and rehabilitation works under the guidance of these NGOs. The experience they gained through it inspired them to take any sustainable development initiatives for the poor people. With this end in view, under the leadership of Md. Alauddin Khan, the “National Development Programme (NDP)” has established on 1st January 1992. It is a non-governmental organization, called as “NGO”. By virtue of the constitution, it is a non-political and non-profit organization. The key objective of NDP is to *strengthen capacity of the targeted project participants (beneficiaries) and create scope for bringing them in the main stream of development.* Since its establishment, NDP has been paying efforts in view to changing livelihoods of the poor people it serves and committed to continue its work for their development as long as needed.

CORE VALUES AND PRINCIPLES:

CORE VALUES: NDP respects the values and beliefs of its development partners, and strives to collaborate with them in development interventions that reflect their principles and aspirations. NDP endeavors to work with those who share their expectations, sincere approach and implementation of its operations. It places win-win dealings with others and has a strong commitment to being responsive to their needs. NDP aims to provide standard quality of services that makes a valuable contribution to change livelihoods of the poor people.

PRINCIPLES: The basic principles of NDP are participation, accountability, transparency, commitment, professionalism, networking and sustainability. NDP also believes that access to information and public services is the basic right of all people in a community.

STRATEGY: *Crawling, crawling, stand, walk and self-propel is the motto of NDP.*

NDP decides its programme focusing on the need of community people especially the hard to reach poor people, PWD, women and other disadvantaged groups. Strategies for the programmes

have been developed considering the gradual empowerment of the partners and stakeholders as well as the optimum use of the local resources and a safe environment for the future generation.

Current programme strategies of NDP are always in line with government commitments to development programme and focus on achieving the Sustainable Development Goals (SDGs). All programmes are considered based on the available public and private resources before allocation of own resources. Facilitation supports are provided to establish linkages between the people and the service providers. Emphasis on reducing people's dependency on development organizations is also a priority. Awareness building, skill development and mobilization of local resources are the main elements of development.

Guiding by the Strategic Plan (2018-2023), presently NDP has been continuing its programme on seven main development sectors; **Social, Economic, Livelihoods, Agricultural, Energy & Environment, Disaster Risk Reduction and Climate Change Adaptation Rights & Governance and Institutional Development.**

Project experience sharing workshops are also organized with different stakeholders to exchange views and produce recommendations.

The following mechanisms are followed in monitoring and supervision the project:

- set up monitoring indicators based on the outputs and activities
- information collection using different monitoring tools
- field visits for physical verification and interviewing the project participants and stakeholders
- analyze/review of monitoring and progress reports
- monthly progress review/sharing meeting and analyzing targets against achievements

Research and Documentation: The periphery of NDP is developing day by day. It believes in changes and likes to adopt the things which have proven good, more effective and user friendly. There are many success as well as failure history in the way, in which different programmes are implementing. To promote the successful interventions as well as minimizing the failures it needs to learn the reason behind it. It helps promoting the best learning experience/practices, upgrade NDP's service delivery thus the project participants become more benefited. Likely, minimization of the failures save the resources thus makes the programmes cost effective. Further, it gives appropriate directions for project designing and expansions. The 'Research and Documentation Unit' has established in 2010, headed by the Manager (R&D). The unit is responsible to document all programme performances and successful events as publications like- book-lets, case studies, magazines and reports. The publications help others to learn the best learning practices. NDP also have a good collection of photographic and video documentation, preserved in head/project offices.

Evaluation: In most of the project at the beginning, a baseline survey/FGD is conducted to know the present situation for developing the database. In general the evaluation for a particular programme/project (based on the dimension of activities and importance) is done through

appointing external expertise/firms. Depending on duration of the project, sometimes, either annual, mid-term or end evaluation is done. The evaluation documents/reports are kept in the organization's head office thus analyzed by the senior management. The best learning practices are considered in designing of any project in the next or required modification in the project is made based on the recommendations.

Reporting : MIS information is regularly collected at field level using prescribed formats on a daily/weekly basis as per needs of the project and compiled on weekly/monthly basis primarily in the branch/project offices, which again compiled by the programme/project chiefs to produce monthly reports and sending it to the management/development partners/donors as per their requisite. The **Annual Report** of NDP is prepared based on the performance of all programme/projects supported with case studies, impact analysis and photographic evidences. Project closing reports are also made at the end of the projects.

General Management : The overall management of the organization is guided by the approved **constitution. General Committee (GC)** is the highest body of NDP. It consists of twenty-nine members from different professionals. The general committee elects the **Executive Committee (EC)** for a period of three years. Presently, there are seven members in the executive committee. It performs all responsibilities on behalf of the general committee. The EC appoints the **Executive Director (ED) as the chief executive officer (CEO)** of the organization. He is responsible for overall management and keeping contact with the donor agencies besides, there is a five-member advisory committee to advise the EC and ED in policy matters. There is a programme operation division headed by Director (Programme) with proper assistant by Deputy Director (Programme), the planning monitoring research & evaluation division is headed by Director (PRM). The Credit Support Programme (CSP) is a separate programme department headed by Director (CSP), Research & Documentation (R&D) unit headed by Manager (R&D) and Monitoring & Evaluation (M&E) unit headed by Deputy Director (M&E).

Director (Programme) looks after overall programme operations, coordination and management. He assists the ED and directly accountable to him. He is assisted by the Deputy Director (Programme). Director (CSP) is responsible for overall operation- planning, coordination and management of the micro-finance programme. The Director (CSP) is assisted by the 02 (Two) Assistant Director (AD), 04 (Four) Zonal Managers and 17 (Seventeen) Area Managers in programme operations. There are 99 (Ninety Nine) branch offices now, each with one Branch Manager, the in-charges of field offices and responsible for overall management of MFP under his/her jurisdiction and reportable to the Area Manager. Furthermore, in general, there is one senior staff, usually designated as Programme or Project Manager/Coordinator, who is responsible for overall operation- planning, coordination and management of a specific programme/project. He is assisted by other staffs as designed and approved under the project.

The planning, monitoring, research & evaluation division works independently. The Director (PMR&E) looks after the unit and accountable to the ED. He is assisted by one Deputy Director (M&E) and one Manager (R&D). All these units work with the assigned staff forces under the unit.

There are separate **human resource & administration, training, finance & accounts and audit units**. The human resource & administration department is headed by Assistant Director (HR & Admin), who is assisted by other administrative staffs. There is one Procurement Officer responsible for overall procurement and supplying the logistics is reportable to the Assistant Director (HR & Admin). The Manager (Training) is the head of training unit and assisted by other trainers. The Training Center Manager is responsible for training center management and assisted by other staffs employed in the training center. There is one Director (F&A), who is the head of finance & accounts unit and responsible for overall financial management. He is assisted by one Manager (Finance & Accounts) and other accounts personnel. There is one Assistant Director (Audit), acting as the head of audit unit is responsible for overall internal audit management. He is assisted by the internal auditors. All the said units run independently and directly reportable to the ED.

Furthermore, there is a 7-members senior management team comprising ED, 04 (Four) directors, 02 (Two) Deputy Directors and 04 (Four) Assistant Directors (AD); 02 (Two) in CSP, 1 (One) in (HR & Admin, HO) and 1 (One) in NDP Internal Audit who meet once in a week to review the overall administrative and management issues. A monthly coordination meeting is also held at head office with all projects chiefs with ED in the chair, for reviewing overall progress and management issues. There are monthly coordination meetings held in zonal/project offices with ED or his representative in the chair, where mid-level managers/ junior staffs have the opportunity to share opinions/views with the senior management.

NDP's organogram is enclosed in the annex.

Annual Staff Appraisal: The annual staff appraisal is made based on the performance following standard performance evaluation format, where the staff himself also have the opportunity to give his opinion. In general annual increment @ 5-10% is given to all core (regular) staff based on annual performance and salary reviewing is done every after four/five years based on organization's financial capabilities/growths. Likely, the project staffs get 5-10% annual increment following the terms and condition of the project.

Financial Management: There is an approved **financial policy** in the organization to guide overall finance. Where provided/requested, NDP implement donor guidelines for funded projects. In general bills and vouchers are checked by the assigned accountant and reviewed by the Director (F&A) and finally approved by the Executive Director or his representatives following the approved ceiling. Also, there are the authorized ceiling for the projects, where the PM approved the bills and vouchers. There is a 'mother' account for head office banking transaction which is operated by three signatories including the ED. Further, there are separate bank accounts for each branch/project office. The monthly/quarterly/annual/closing financial statements are made, which is accompanied with bank statement and is submitted to the management/donors accordingly.

Fund Management: An **annual budget plan** is made focusing all sources of funding and likely a separate budget plan for each programme/project. There is an independent **accounts unit** for general fund management and a separate staff members (accountant) assigned in each individual project. The 'mother accounts' is operated by three signatories- ED, Treasurer and Accountant. Each project has separate bank accounts and all forms of expenditure are made following the approved budget. Further, a quarterly budget review meeting is organized with the ED in chair.

Audit: There is an **internal audit unit**, responsible for auditing of all sorts of expenditure of the organization. The team frequently and regularly visits different programmes/projects. Further, it also audits the accounts expenditure of the organization's head office. The audit team conducts audit at field level- visits the branch and project offices, Based on findings, the unit submits audit reports to the management. Further, the qualified registered charter accounting firm is appoints for auditing all annual financial transaction of the organization following terms of reference (TOR). Likewise, the external audit farms also audit the accounts expenditure of the programme/projects at the end of the year and/or on the closing of the project.

Development Partners: In implementing various programme/projects, the organization works with the support from different national and international and, both government and non-government development partners (donors).

The list of development partners is enclosed in the annex.

Networking: In view to develop coordination linkage, sharing development information, experiences and views, NDP has build up networking linkages with different government and non-govt. organizations.

The list of networking organization is enclosed in the annex.

Logistics: The organization has necessary logistics for programme operation and there is annual logistic plan to meet the needs.

The list of fixed asset and resources is shown in the annex.

Policies and Guidelines: The organization has developed different policies and guidelines, which are approved by the appropriate authority and are practiced for smooth implementation/operation of different programmes/projects; administration and management; finance, accounts and audit.
